

Changing Internet Explorer Settings to Allow Downloads in HuskyCT

Basic Procedure

1. [Click on Tools >> Internet Options >> Security](#)
2. [Set lms.uconn.edu as a trusted site](#)
3. [Use "enable" for Download settings for files](#)

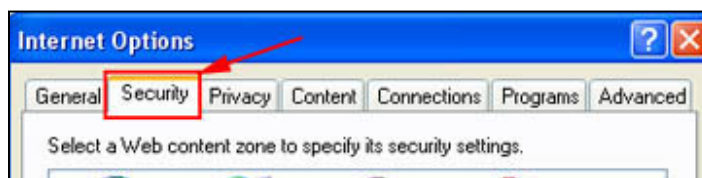

Detailed Instructions

Step 1: Click on Tools >> Internet Options >> Security

Click on **Tools >> Internet Options**

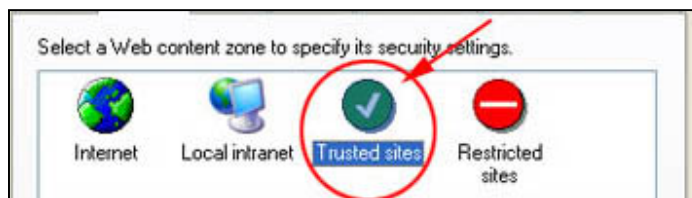

Click on the **Security** tab

Step 2: Set lms.uconn.edu as a trusted site

Click on **Trusted Sites** icon

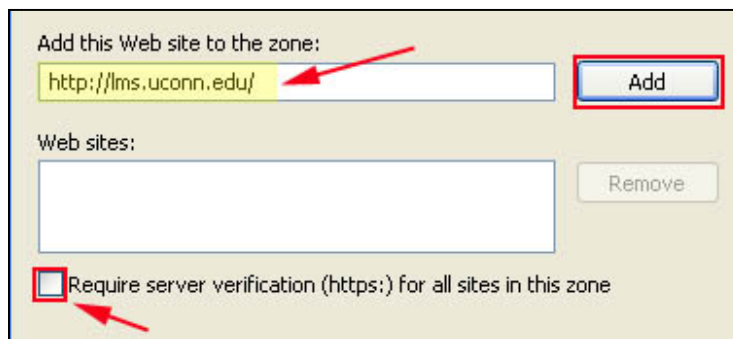

Click on **Sites...** button

Enter **http://lms.uconn.edu** in the first text box

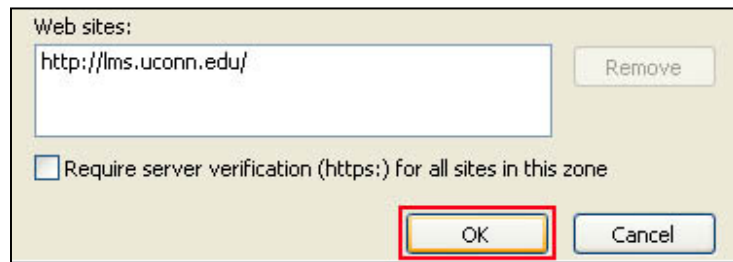

Be sure the **Require server verification box** is **UNCHECKED**

Click the **Add** button

The Vista URL will appear in the Web sites box

Click **OK** button

Step 3: Use "enable" for all settings related to Downloads

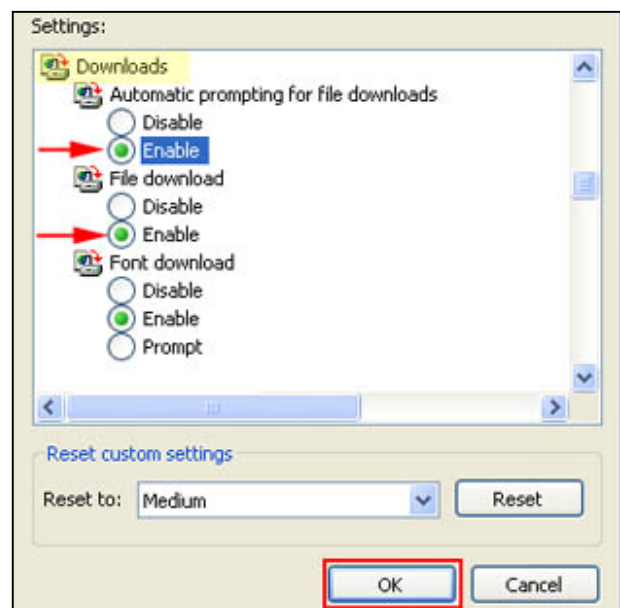

From the **Security** tab screen, click on **Custom Level...**

Scroll through the items in the Settings menu until you see the **Downloads** heading

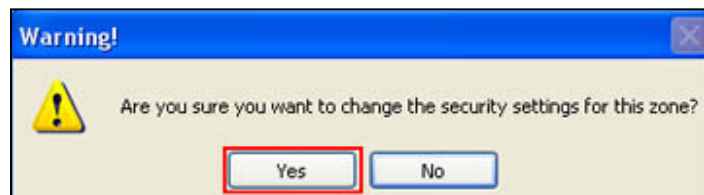

Be sure all the Download settings are **Enable**

Click **OK**

If a **Warning** screen appears, click **Yes**

Then click **OK** on the Internet Options screen
